JURY SECURED TO TRY MAURICE GALVIN

Leading Republican Goes to Trial At Frankfort In Connection With Blair Pardon

(By Associated Press)
Frankfort, Ky., April 14.—A jury to try Maurice Galvin, Covington attorney, on a charge of conspiracy with Frank Blair, convict, to secure a pardon for Blair, was secured in circuit court here today. Commonwealth's Attorney Bradley, in his opening statement, said he would prove Blair, jointly indicted with Galvin, is wanted in Indiana on five federal charges, including robbery of postoffices and a bank robbery.

For the defense, Leslie W. Morris indicated Blair and Galvin travelled together to Covington after Blair was pardoned; that Blair said he was penniless and Galvin advised him to go to the Salvation Army. He declared Galvin secured Blair's pardon at the behest of former Commonwealth's Attorney Burkamp, of Covington, and received nothing for it. He asserted Galvin's only previous conference with reference to Blair's pardon with Blair was in March and that notice was received in May at the reformatory where Blair was imprisoned. He said there is nothing to show Galvin knew Blair was wanted on that Blair even knew he was indicted.

The pardon of Blair created a sensation in Kentucky for a time, and during the stir created by newspaper articles over it, Gov. Morrow stated that he had been imposed upon and that representations had been made to him that Blair had never been in trouble before and had a sick sister in California who needed his aid. The pardon was really a conditional commutation of the sentence predicated on the understanding that Blair would be out of trouble in Kentucky.

Blair's pardon was taken to the prison, it is charged, and he was taken to Paris in an automobile with Mr. Galvin. There he boarded a train for Cincinnati and has not been seen since. The books at the prison here contained notation that he was to be held for federal authorities, but he was released notwithstanding this.

The indictment besides the allegation of conspiracy to secure a pardon, asserts that the plan also was to spirit Blair out of the state so that W. C. Lytle, postoffice inspector at Evansville, Ind., could not arrest him on the federal charge.

Blair was convicted in Jefferson county of robbing James Hendricks, Louisville restaurant keeper. Hendricks, a former policeman signed the petition for the pardon of Blair.

Witnesses named on the indictment and who are expected to appear are Gov. Edwin Morrow, Arthur L. Doyle, assistant auditor, Frank Douglass, Louisville attorney, who was serving a sentence in prison for shooting Circuit Judge Harry Robinson, D. M. Young, Bertillon clerk at the prison, and W. F. Fuller, clerk of the reformatory.

Third Tragedy in Case

(By Associated Press)
New York, Apr. 14.—Another tragedy growing out of the sensational murder of Dr. Abraham Gluckstein, by Mrs. Lillian Reizen in Brooklyn last December, was recorded today when his widow, Mrs. Anna Gluckstein, ended her life by jumping from a third story window. The doctor's mother dropped dead at his funeral.

Fallis Gets Off Easy

(By Associated Press)
Frankfort, Ky., Apr. 14.—John Fallis, who shot four policemen last summer, was found guilty in circuit court here today and sentenced to six months in jail and fined \$250. He filed a motion for a new trial and was released on bond. All his victims recovered.

During the month of March 194 millions were spent in building in the large cities.

Dr. Jas. A. Harper, 58, succumbed to a general breakdown at Olive Hill.

New Orleans, La., April 14.—The highest river stage ever known here is predicted by the weather bureau today. It says a stage of 22.06 feet will be reached in two weeks as the results of floods further north.

JUDGE GOODLOE TELLS OF COUNTY SCHOOL TAX

Editor Daily Register.
Dear Sir:—In reading your report in the action of the Fiscal Court at its last meeting and noting that you have given us credit for more than is our due or much less than we are entitled to, according to the attitude of your individual readers, and also some adverse criticism from your readers, I am writing this in order to clarify the situation in the matter of the school levy.

Under the present law the County Board of Education shall prepare an estimate of their expenditures for the coming year and submit it to the court which shall make the levy to supply same. The Board did make that estimate of \$128,600, and submit it to the court, along with the suggestion that the school tax rate would have to be raised from 40 to 45 cents and a poll tax of \$1.00 be imposed on every legal voter.

The court thought it criminal to raise taxes at this time unless absolutely necessary and so stated to the board and asked that they revise their estimate, if possible, which they said they could not do without cutting teachers' salaries.

The court realizes the importance of the public schools and is more than willing to give them everything they actually need to maintain a high state of efficiency, but we do not see the necessity to tax the people that the board may carry a large balance each year. Their budget showed a large balance last year. I am told, and some \$24,000 this year, so acting on their estimated needs of \$128,600 we found from the figures furnished us by the board that we could give them the money asked for without raising the tax rate or imposing the poll tax as shown by these figures.

Will receive from the state	\$35,000.00
Balance on hands	16,072.00
Revenue from county and other sources	73,000.00
Due from the Sheriff (approximately)	8,000.00
Making a total of	\$132,072.00
Leaving balance over and above budget of	\$34,320.00

So you will please note that while we have refused to increase the tax rate and impose the poll tax, we have given them all the money they have asked for, and some \$3,000 over.

For the information of the people it might be well to add in this connection that some ten or twelve years ago the tax rate for school purposes was seven cents (7c) and the assessment of the county \$11,000,000. Now the rate is forty cents (40c) and the assessment \$26,000,000.00, which shows an increase of fourteen and one-half times, indicating the court has always had the interest of schools at heart.

There is levied for the entire expenditure of the county including roads, and railroad, and turnpike bonds, all county officers, maintenance of all county property, etc., a rate of fifty cents (50c.)

LICENSE REDUCED ON CARNIVALS IN CITY

So Manager Noyes U. S. Exposition Shows Will Move To Lot at Water and B. Streets

At a special meeting of the City Council Thursday evening several changes were made in the license ordinance affecting showing of carnivals in the city. The old ordinance was amended to provide for \$10 a week for each riding device, \$5 a week for each tent show, and \$3 week for each concession. The old ordinance had provided for a license of \$100 a day for carnivals.

After passage of the altered ordinance, Manager Noyes of the U. S. Exposition Shows announced that he would move his show from the lot outside the city limits on the Red House pike to the Moberly lot at the corner of Water and B streets, where it will exhibit on Saturday night. He says that he has engaged a negro minstrel show that is a dandy, and will have several other attractions that ought to please all patrons. Mr. Noyes has made many friends since coming to Richmond, by his gentlemanly conduct and his desire to provide a clean attraction, pleasing to all. The fact that the show will be practically within the reach of everyone who cares to walk to it will doubtless prove an additional drawing card.

One of the big features Saturday night will be the six round boxing match between Jimmy Murphy, the show's athletic manager, and Frankie Taylor. Murphy says he held Taylor entirely too cheaply in their previous meeting and he is going to be ready for him next time. He admits that Taylor is one of the crickiest and hardest hitting boxers he ever saw.

At the council meeting Thursday night members of the police force testified that it wouldn't be as much trouble to police the show grounds right in the heart of town as it would be to patrol the city limits every night when the shows are held outside the limits.

Manager Noyes says that he has about replaced the tents and other equipment lost in the big wind Tuesday night. His loss amounted to fully \$1,000 he says.

MYSTERIOUS KILLING NEAR ASHLAND

(By Associated Press)
Ashland, Ky., April 14.—Miss Ethel Darby, 18, was shot and killed while riding in an automobile three miles from here last night by an unidentified person who fired into her car from the roadside. No arrests have been made.

E. K. NORMAL PLAYS AT LONDON SATURDAY

Eastern's baseball team will journey to London Saturday to meet the Sue Bennett Memorial nine in their first college contest of the season. Eastern has been engaging in some rather fast practices in preparation for the S. B. tilt. Lewis will be on the hill for the locals. He has shown more stuff than he displayed against the town boys last week. According to original plans two games were to have been played at London: one on Friday and another on Saturday. The Friday game was called off by Hembree as his pitching staff could not hold out over one game. This will be the first real test of Eastern's nine.

Practically the same team is sent against Sue Bennett that started against the town boys. Clark and Lewis will do the battery work; Stephen on at first; Little at short; Johnson at second and Mainous at third; Dunaway, Potter and Davis will be in the outfield. Vandever will be used as utility man; McEman goes as second string pitcher.

Sue Bennett is expected to put her usual strong team in the field. Overly, former Union College spike star, is acting as playing manager for Sue Bennett. He has picked the best possible team to face the locals. Last year Eastern carried off the honors with Sue Bennett by winning the majority of games with them.

This game and another with Cumberland College April 19, then Hembree's boys will be at home for five games.

(By Associated Press)
Chicago, April 14.—One employee was killed and three wounded when the Standard Oil still at Whiting, Ind., exploded today. The ensuing fire damaged property worth more than a million dollars.

As little James Dickerson was passing through a pasture in Mercer county, a horse kicked him, badly injuring him.

JACKSONS HURT BY RUNAWAY PONY

Another runaway pony accident is reported by former County Attorney O. P. Jackson, who has his face bandaged as a result of being thrown out of a small trap to which his pony was being driven. The accident happened several days ago as Mr. Jackson, his wife and little son were riding along the pike. The pony bolted and overturned the vehicle. Both Mr. and Mrs. Jackson were severely bruised and cut but the little fellow received the worst injuries, his face and neck being very badly cut and bruised. All have been confined to their home for several days with their injuries.

U. S. Tobacco Company May Retaliate Against Cuba

(By Associated Press)
Havana, Cuba, Apr. 14.—Reports that a big tobacco combine in the United States will retaliate if Cuba still further increases the import duty on American cigarettes, a move which is being actively championed, has led to publication by La Discusion, one of the papers interested in the subject, of a suggestion that the importation of American cigarettes be absolutely prohibited on sanitary grounds. The present duties bring the cost of an ordinary 20 cent package of cigarettes to 60 cents in Cuba and the paper declares that increased duties will only result in increased smuggling, at present carried on extensively.

Dentist Takes Teeth

As Man Fails to Pay
St. Louis, Apr. 14.—John Bush with not a care in the world with not a thought of a \$12 dentist bill he owed—was strolling languidly through the park with his wife today when the sudden shifted of gears attracted his attention. Dr. Frank A. Paschke, dental surgeon, sprang lightly from the car. Then it is alleged, he walked up to Bush and forcibly extracted from his mouth two rows of teeth—bridge, plate and all. "You'll pay your debts, or you won't eat," Bush, who now talks with a lisp, had the dentist arrested, for "stealing" his teeth. The dentist says he merely took them back.

W. J. CRAIG NEW K. E. A. PRESIDENT

(By Associated Press)
Louisville, Ky., Apr. 14.—W. J. Craig, of Bowling Green, was elected president of the Kentucky Educational Association here today.

Prof. Craig is one of the leading members of the faculty of Western Kentucky State Normal school. He is well known in educational circles all over the state. A number of years ago he taught school at Stanford, Lincoln county.

Morning papers said that the contest for the presidency of K. E. A. lay between Dean H. L. Donovan, of Eastern Normal, and Supt. J. W. Ireland, of the Frankfort City Schools.

MUCH INTEREST IN METHODIST REVIVAL

A deepening of spiritual earnestness has marked the progress of the revival services at the First Methodist church.

The church was comfortably filled to hear Dr. Carpenter Wednesday night. He emphasized the need of spiritual life among the christian people of Richmond with God was only to be found, portraying with forceful eloquence that this life of command through an earnest seeking of the baptism of the Holy Spirit.

Dr. Green and Dr. Telford have both brought messages of great eloquence and spiritual power and Mr. Adkins messages in song have greatly blessed the hearts of the people. The four uptown churches are all cooperating in this revival service. The message of Dr. O. O. Green Sunday night will conclude the eight days of preparation for the coming of Dr. Weber.

Dr. John Langdon Weber is pastor of the leading Methodist church of Kentucky and is one of the most prominent men in our nation in the American Legion and Boy Scout work. His messages at 3 p. m. and 7:15 p. m. should appeal to all classes.

SPIRITUALISM PLAYS HAVOC IN THIS FAMILY

(By Associated Press)
New York, April 14.—Mrs. Maud Fancher slew her baby son, took poison and today is at death's door, all because she hoped to guide her husband to happiness as an emancipated spirit. She left three letters telling her belief in spiritualism. One letter said she had not lost her mind. "I know what I am doing. You know about spiritualism and I want you to go where you can talk to me."

BURNAM'S NAME IS SENT TO SENATE

Confirmation Is Expected at Once and Republican May Soon Be P. M. at Richmond

Robert R. Burnam, Jr., will soon become Postmaster of Richmond. His name was sent to the Senate as President Harding's appointee late Thursday afternoon.

The Senate must confirm all presidential postoffice appointments. As Senator R. P. Ernst, of Kentucky, has recommended the appointment of Mr. Burnam, it is expected that the Senate will lose no time in putting its O. K. on the president's selection. As Senator Ernst is the only republican senator from Kentucky, of course, what he says will "go" with his senatorial colleagues. Cases have happened where a senator of an opposite political party has been able to hold up confirmation of presidential appointees on the grounds that the appointment was personally distasteful to the senator. Of course, however, Senator A. O. Stanley, democrat, from Kentucky, will not throw any hindrance in the way of immediate confirmation of Mr. Burnam, for he has received the endorsement of many strong democrats of the community, who realized, of course, that a republican was going to be appointed, and they felt that he was eminently entitled to the position by reason of his service to his party and his business qualifications.

Immediately confirmation of Mr. Burnam is made by the senate, a postoffice inspector will come here and check retiring Postmaster R. C. Stockton out, and the new official into the service.

Says Newspaper Adv.

Is One Best Bet

"Sixty stores fail on account of a lack of advertising where one fails because of an overloading of it," W. H. Farley, expert lecturer from the office of the National Cash Register Company, at Dayton, O., told a group of Ohio business men, in an illustrated talk on merchandising and advertising.

"One of the biggest mistakes made by the business men of today is their lack of advertising or poor advertising," said Mr. Farley. He pointed out that advertising through the columns of the local newspaper was the business man's best bet.

"That is the only chance you have of going into the homes of your customers and talking with them," he said.

"When the subscriber to the newspaper read the ad a desire is formed for some particular thing or things," said Mr. Farley, "and therefore when that customer comes to your store, he or she is going to be a quicker and better customer because they have been partly sold through the ad, or in many cases the ad has already sold them merchandise and you merely give it to them and take the money for it."

"Make your ads clear, concise, and easy to read. Use plenty of sentences short," was more of the white space and make your newspaper's advice.

D. A. R. Meeting

The Boonesboro Chapter D. A. R. was entertained in a very delightful manner by Mrs. Chas. H. Jett Monday afternoon at her home on the Big Hill pike. The setting was very opportune for a meeting of the Daughters of the American Revolution since this house commands a broad view of the foothills of the Cumberland range over which the pioneers journeyed to Kentucky. It is also located on the broad plateau on which the battle of Richmond was fought in July, 1862, a few evidences of which remain after sixty years. The program Monday was one of much interest both to the Chapter and to the many invited guests. Miss Bessie Dudley gave the Magazine review in a most entertaining manner. Mrs. Keith's paper on "The Pioneers of Texas," pictured in glowing terms those brave founders of the Empire State, Davy Crockett, Stephen Austin and Samuel Houston and also called forth an interesting discussion of the Mexican War 1845, and the illustrations par which the native sons of Madison county took in this war. After the program, exquisite refreshments were served and the social hour around the tea table and the cordial hospitality of the hostess made the occasion one greatly enjoyed.

Mr. and Mrs. R. Zimmer, Mrs. G. C. Walker, and Mrs. L. N. Miller, of Lancaster, were with relatives in Richmond the first of the week.

Miss Mary Catherine Buckley is at home from Lexington for the Easter holiday.

Mrs. J. P. Chennault and little son, J. P., Jr., left Wednesday for a visit to Mrs. Frazier Ely in Clarksville, Tennessee.

Mrs. J. P. Lynch, of Ravenna, was a Richmond shopper Thursday.

Mrs. L. E. Harless and son are visiting relatives in Nicholasville and Lexington.

Miss Cox, of Pineville, who has been assisting at the Western Union, left for her home this week.

Misses Sue and Mabel Shear are here from Cardoing Academy, Georgetown, to spend Easter.

Miss Mary Shackelford is visiting her grandmother, Mrs. Emma Kaufman, in Lancaster.

George Wilson is expected home from Cincinnati to spend Easter with his mother, Mrs. Ellen Wilson.

Mrs. Thos. Logsdon and Mrs. G. P. Todd, of Paint Lick, are visiting Judge Treadway and Mrs. Treadway in Lancaster.

Miss Ethel Lisle, of Boonesboro, is the attractive guest of Mrs. Zella Donelson in Lancaster.

Mrs. Mary B. Deane is spending a few days' Easter vacation in Nicholasville.

Mr. and Mrs. Forest Curtis, of Lancaster, are visiting relatives in Richmond and Madison.

Miss Mabel Ruth Coates is at home from the University of Kentucky to spend Easter.

Miss Maltie Cromer spent the week end with relatives in East Bernstadt.

Miss Sara Goodloe, who has been a patient at the hospital in Berea, is convalescent and able to resume her school work.

Mr. F. M. Silver will spend Easter Sunday with his son at Hamilton, Ohio.

Father H. B. Schulte was in Winchester Tuesday evening to conduct the Lenten service at the Catholic church.

Mrs. Sam Caywood and children, of Winchester, are visiting relatives in Berea.

Mrs. R. C. Oldham and children have returned from a visit to Mr. and Mrs. E. T. Collins at Crittenden.

Mrs. J. W. Caperton, L. N. Neale, Homer W. Carpenter and James J. Neal left Friday to represent the Boonesboro chapter D. A. R. at the national congress in Washington City.

Miss Maud Stevenson, a capable nurse from Winchester, who formerly made her home here, is with little Margaret Telford at the Pattie Clay Infirmary.

Mr. Vernon Leer left Tuesday for an indefinite stay at Hot Springs, Arkansas.

Emmett Victor Williams, of East Bernstadt, is visiting his grandmother, Mrs. Rose Blum-schi, on Big Hill avenue.

AN ORDINANCE

Be it ordained by the Board of Council of the City of Richmond, Ky., that paragraph No. 73, of the License Ordinance reading as follows: For exhibiting or conducting a street fair or carnival within the city limits of the city of Richmond one hundred dollars per day is hereby repealed and in lieu thereof the following: For exhibiting or conducting a street fair or carnival within the limits of the city of Richmond, Ky., shall be for each riding device \$10 per week; for each show \$5 per week, and for each concession \$3 per week. All ordinances or parts of ordinances in conflict herewith, are hereby repealed, and this ordinance becomes effective on and after its passage and publication as required by law. April 13, 1922.

"PECK'S BAD BOY"

PECK'S BAD BOY speaks his piece:

Bein' bad don't hurt you.... It's what comes afterwards that causes all the grief.

Generally it's your Ma that comes afterwards; and she sure does wave a wicked wand.

You wouldn't say bein' bad is a gift so much as a habit. It grows on you, like a soft spot in an apple.

So a cop ain't much different from the man who peddles apples on a barrow. They both make money by getting rid of bad habits.

But it's the barrow/man who gets rid of his first. He seems ashamed of them, and puts them in the bottom of the bag.

Folks say I'm wicked and will go where all bad boys go.

Wouldn't they be pleased when they learn I'm in the movies.

That I'm in good company. Irvin S. Cobb is down here, too. He writes my subtitles. May be you've heard of my friend Irv. He sometimes get pieces in the papers—mostly when the regular editors are away on vacation.

That's all. Gotta smash another window now.

FARMER OUGHT TO RAISE OWN FOODS

Van Meter Says It Is Mistake To Grow Tobacco To Exclusion Of Other Products

J. C. VanMeter, well known Fayette county farmer, expressed the opinion Saturday that farmers growing tobacco made a great mistake when they grow tobacco to the exclusion of what is needed in the home and for feeding purposes with a view to buying these things out of tobacco money.

"Every farmer," said Mr. VanMeter, "ought to raise his own grain—wheat and corn for bread stuffs, and enough grain to feed his own hogs and produce his own lard and bacon. He ought also to grow his own potatoes, and raise a good garden to provide green food during the summer."

"I know a farmer, a number of farmers, who buy practically nothing except sugar and coffee and other groceries throughout the year. Their fields, orchards, and gardens provide plenty of food, which canned or preserved lasts them and their families from one season to another."

"Every farmer should have his flock of chickens, his cow, his hogs. It is easily possible for the average tenant to arrange with his landlord for pasturage and for ground enough to grow corn to fatten his hogs. If all tenant farmers would conduct their business on this basis, instead of devoting so much time and space to tobacco, the results would be vastly better for the farmers."

"A little tobacco planted on good, productive, fertile land, will bring in more money on the market than twice as much on indifferent land, or more than the farmer can properly attend to. A five-acre tract of tobacco properly attended to and raised on good ground, will sell for as much as ten or fifteen acres indifferently tended and planted on ground not fit for tobacco. It takes good ground to grow tobacco and if farmers confine their planting to fit ground there is little likelihood of over-production this year."

"I have talked with farmers from a number of counties within the past few weeks and almost every man tells me that the acreage of tobacco to be

Jackie Coogan

planted this year will not exceed the average, certainly not more than 1920, the acreage on which the organization of the Burley Tobacco Growers' Cooperative Association was based. Every farmer with whom I have discussed the matter has commended President James C. Stone's statement in which members of the Burley association were urged to consider quality more than quantity in the production of burley tobacco. If that is done generally, and I hope it will be, the results at marketing time next year will be the reward of those who have heeded the president's wise advice."

Jackie Coogan Is Really Bad Boy In "Peck's Bad Boy"

Although he is but six years of age, Jackie Coogan is the most talked about youngster in film-land. We have all heard how Charlie Chaplin found him and realized his screen possibilities, and how the famed comedian wasted no time in signing Jack to play the title role of the now famous "The Kid."

That was the first picture Mr. Coogan appeared in. It is seldom that a player ascends the ladder to stardom via a single photoplay, but Jackie is the exception. He not only won his spurs as a silent drama celebrity but has won a warm spot in the heart of every picture fan in the world. The producers of "Peck's Bad Boy," in which Jackie, of course, assumes the "bad boy" character, felt that at some time or another everybody likes to think back on childhood days and remember the happy times spent in play—times when worries and worldly burdens were unknown. The play will be very pleasing—just for old time sake. Shown at local theatres Tuesday.

NOTICE TO THE PUBLIC

Whereas it has been brought to the attention of this Court that many private entrances from our public roads, pikes and dirt roads are obstructing the ditches and preventing the free passage of water therein and causing same to overflow the public road to their great detriment, notice is hereby given to the people of Madison county to cause proper culverts to be put in at their private entrances at once, and maintain same so as not to interfere with the drainage system of the public roads in the county.

Section 4350 of the Kentucky Statutes "the owner or tenants of land fronting on public roads shall construct and keep in repair all approaches or driveways to and from the public road, under the direction of the County Road Engineer, and it shall be unlawful for such owner or tenant to fill up any ditch or place with any material of any kind or character in any ditch so as in any manner to obstruct or interfere with the purpose for which it was made. Any person so offending shall be fined not less than ten or more than fifty dollars."

The County Road Engineer is ordered to report for prosecution all who fail to comply with this law in a reasonable time. It is further ordered that the Road Engineer furnish proper culverts at cost and put same in free if persons so desire.

Here Are Applicants For New Eastern Normal School

The Ashland Independent of last Tuesday had the following article: "A firm resolve to present a united front in demanding of the state commission the location of the Eastern Kentucky Normal School in the city in which it will do the most good and serve the greatest number of people, was the result of a meeting of citizens of Eastern Kentucky at the Hotel

Ventura yesterday afternoon. Before the meeting adjourned, the session went on record as favoring the location of the school in either Pikeville, Prestonsburg, Louisa, Paintsville, Salyersville, Inez, Ashland, Catlettsburg, Grayson, Olive Hill or Russell. It was decided that the committee appointed would work to the end that the commission would be brought to favor one of these cities, mattering not which."

ST. LAWRENCE RIVER PILOT HONORED AFTER THREE CENTURIES

A new object of historic interest will soon greet visitors to Quebec, one of particular appeal to travelers embarking and debarking from the ocean liners that use this port. It is a monument to the memory of the first St. Lawrence River pilot, Abraham Martin. His name is also perpetuated in the historic Plains of Abraham which were part of a grant of land received by him from Champlain in 1617, at the time of the first

ment of Quebec. He is also claimed as the first Scotchman who settled in Canada and possibly in North America. Louis Hebert, the most famous of the first colonists of Canada, received a grant alongside that of Martin's and it is Henri Hebert, a descendant of Martin's neighbor, who has designed the artistic memorial of granite showing a pillar crowned by a globe of the world, supported by the figures of a man and a woman. Carved in low relief is the Lily of France, plant out of the sea. The

MONUMENT TO FIRST KING'S PILOT ON ST. LAWRENCE RIVER.

inscription, in both French and English, reads: This Monument Recalls to the Passer-by Abraham Martin, Called "The Scot" First "King's Pilot" On the St. Lawrence Who tilled the land On the illustrious plains Which bear his name.

The tide of travel and commerce that now rides the mighty St. Lawrence, would startle LaSalle, Marquette, Joliet and the early explorers who picked their way up the unknown stream twist banks inhabited by hostile Indians. During the 1921 shipping season 807 trans-Atlantic steamers, registering a tonnage of 2,558,444 tons arrived and departed from Montreal. A large percentage of this shipping was represented by ships of the Canadian Pacific Railway and it is this company that perpetuated in granite the sturdy Scot, born in France, who turned his hand to carpentry, redeemed a farm from the wilderness and taught himself to be a pilot and as King's Pilot, rendered valuable service to the early shipping trade.

MRS. COSSAR TALKS ON WOMEN IN BUSINESS

(By Associated Press)

Louisville, Ky., April 14—Women in business are merely continuing the age-old service to the home.

Mrs. Aubrey Cossar, city treasurer of Louisville, today told the Kentucky Educational Association in an address on "Women in Business." "The only difference," she said, "is that they have entered the ranks of the great army of distributors and producers and are engaged in the big task of making and delivering finished products to the individual instead of individually making the same sort of things for themselves and their families."

"This is woman's age," Mrs. Cossar said. "She can do anything and everything that a man can do, and get away with it." "Women are taking their place beside men in all their callings and in all the world's activities. In business they are displaying an alertness, an intelligence and an enthusiasm that has already carried them far forward."

"The woman or girl who is not busy at something these days is the exception. Mechanical help and by the improvement in manufacture and distribution of necessities of life and housekeeping have set women free from the home tasks that have always been their responsibility. They no longer spin and weave at home, so they have gone into the factories where the world's textiles are woven. They no longer cut and sew and fit or knit every stitch of apparel for themselves and their families, so they have gone into the factories which clothe the world. In other words, they have entered the ranks of the great army of distributors and producers and are engaged in the big task of making and delivering finished products to the individual instead of individually making the same sort of things for themselves and their families."

"But that is exactly what business is. Women have always been doing the same thing, but in the old way. As the world progressed, they have progressed."

"Women in business have been good for business, because they bring to it the practical, common-sense experience and contact with life that business needs. You have often heard, and it is true, that the greatest business in the world is the business of keeping house. That is exclusively the women's business. Next to it in importance are the businesses that provide for the wants and needs of the housekeeper and the home. Does it not stand to reason that women engaged in businesses catering to the home, and to the home-maker can produce better and sell better things than they know all about that would be expected of men?"

"But perhaps it is woman's enthusiasm that means to the most in business, to herself and to the business. She feels that she is getting somewhere, because with her own income, she is independent."

"The result will be good, all through to the individual woman, to business and to the race. I am not talking about the silly ones. They don't count for much anywhere. But the great majority—women or men—are earnest striving to advance, themselves and be of real usefulness."

"If they continue in business permanently, they will attain the same successes as men; if they retire from business to the business of making a home and raising a family, they will make better wives and better mothers because of their business experience."

P. A. C. INFIRMARY NOTES

Henry Shelton was discharged from the hospital April 7th, after two weeks' treatment, following appendicitis.

Frank Hutton, who was operated upon for empyema, is still a ward patient.

Mr. John Marrs is improving and will soon be able to leave the hospital.

Miss Jennie Taylor, who occupies the Bettie B. Smoot room, holds an informal reception each day for the many friends who are interested in her welfare.

Mrs. Asail Noland, of Irvine, occupies the Burnham room with

Miss Edwards as special nurse.

Mrs. Witt Forester, of Wise-mantown, came to the hospital April 9, for surgical treatment.

Mrs. Oscar Saylor, a surgical case, occupies the Scanlon room with Miss Smith as special nurse.

Miss Mary Greer, of the regular nursing staff, is spending the week end with her mother at Stanford.

Miss Fannie Cooper was admitted April 11. All rooms being occupied she was given the reception room. Miss Hargrave, special nurse, is with her.

Mrs. Ben Perkins, of Newby, occupies the Dorcas room. She submitted to a major operation and is doing nicely.

Miss Roscoe Mae Young, of Lawrenceburg, who is a popular student at the E. K. S. N., is convalescing following an appendectomy ten days ago. She kindly consented to give her room to Miss Margaret Green, and share the superintendent's room. Miss Margaret had her tonsils removed Wednesday and is doing nicely.

Miss Margaret Telford, suffering an acute attack of appendicitis, was admitted April 12th. No rooms available, she was given a ward bed. Later in the day a room was vacated by Mr. Karr, who was removed to the home of his sister, Mrs. Asbill, at Red House. After a hurried cleaning of the room, little Miss Telford was carried to the room and Miss Stephenson as special nurse is with her.

How Diphtheria Is Contracted

One often hears the expression, "My child caught a severe cold which developed into diphtheria" when the truth was that the cold had simply left the little one particularly susceptible to the wandering diphtheria germ. If your child has a cold when diphtheria is prevalent, you should take him out of school and keep him off the street until fully recovered, as there is a hundred times more danger of his taking diphtheria when he has a cold. When Chamberlain's Cough Remedy is given it quickly cures the cold and lessens the danger of diphtheria or any other germ disease being contracted.

Boone Burnett, 335 Estill avenue, Richmond, says: "I have great confidence in Doan's Kidney Pills and keep them in the house at all times. They are the best medicine I can get to relieve me of weak kidneys. I sometimes have spells when my kidneys get so weak and irregular that I have to get up four or five times during the night to pass the kidney secretions. The secretions burned in passage and they were the color of brick dust. My back gets weak and I have an ache across the small of it. I am tired and weak across my hips when I get up mornings and if I stoop over, my eyes become blurred and I can hardly see. I take Doan's Kidney Pills when I have these spells and they never fail to strengthen my kidneys."

IDEAL TEACHER

HASN'T BEEN FOUND

(By Associated Press)

Louisville, Ky., Apr. 14.—The ideal teacher has never been found because he requires such an array of virtues as to dishearten the ordinary human. Miss Marjorie Boyd, President of the Senior Class, Louisville Girls' High School, today told members of the department of Languages, Kentucky Educational Association, in an address on "My Ideal of a Teacher."

"The ideal teacher like other ideals has never been found," she said. "He requires such an array of virtues as to dishearten the ordinary mortal. However, the ideal teacher, from the student's point of view, has several outstanding characteristics."

"The ideal teacher possesses so broad a knowledge of the subject, or subjects, taught, as to command the students' respect. He possesses also a broad general knowledge."

"The moral make-up of the ideal teacher is never questioned. He is a living example for his students to follow."

"The ideal teacher has an abiding faith in the true value of education. He loves his work and is willing to do more than is absolutely required of him."

"The ideal teacher is not puffed with dignity. He has not discovered that he is a great or brilliant man."

"The ideal teacher has sympathy for, and a personal interest in each student under him."

"Distillery Farm" in Marion County Brings \$18,650 at Sale

The "distillery farm," formerly the property of Mueller, Wathen and Robert, which was sold Monday by W. H. Spragens, special commissioner of the Marion circuit court, was purchased by Virgil Sanders and Robert Burnett. The price paid was \$18,650. The farm is situated on the edge of town and is just west of the Mueller, Wathen & Robert distillery. It contains about 181 acres and is considered an unusually desirable place. The farm was bought in 1919 by James W. Phillips for \$36,200. Associated with him were the late Hugh Murrey, L. W. and J. C. Phillips. After buying the place something like \$4,000 was spent by the owners in improvements.

MILLION OPENS STORE AT CAMPBELLVILLE

His friends at home here are interested in the news that Dr. Vernon Million has just opened another drug store, this time at Campbellville, the thriving little county seat of Taylor county. Dr. Million owns a chain of prosperous stores in Louisville. The Campbellville News Journal says of the opening of his store: "The V. B. Million Drug Store No. 6, Campbellville's newest enterprise, will open its doors to the people of the city and county Saturday, April 8th, with a grand opening program. Flowers will be given to the ladies and other favors to the men. Music will be rendered by the Novelty Four Miss Stella Gibson piano; Tom Dowell and J. P. Gozder, alto and tenor saxophones, and Sam Dix, drums and traps."

The new enterprise is located on the corner of Main and Depot streets, former stand of Rice & Rice grocery store. Truly it is the most beautiful and attractive store in Campbellville. It is equipped with a very modern soda fountain and twelve buffet wall cases. Everything in mahogany which gives a very aristocratic appearance. These new buffet cases are rarely found in towns double the size of Campbellville. They propose to carry a complete line of drugs, a competent pharmacist in charge of this department and a competent man in charge of the soda fountain. They will carry a complete line of highgrade chocolates, candies, cigars, cigarettes and tobacco. Their line of toilet articles will be complete in every way. They will also endeavor to use only the best grade of ice cream.

In fact to appreciate the appearance of this enterprise and the efforts of the V. B. Million Drug Co. you must give them a call and see for yourself. It is one of the nicest of this company's chain of stores and Campbellville's folks will be justly proud of it and give them. We are sure, a liberal portion of their business.

While this store is a member of a syndicate company, there several of our best citizens interested financially in the company and Mr. Ed Leachman has been selected as general manager. Mr. Paul Ashbrook is also employed in this store.

U. S. MARKETGRAM

Grain
Prices kept within narrow range during the week and closed slightly higher. Chicago May wheat up, closing at \$1.31; Chicago May corn up 1 1-2c at 59 1-4c. Weakness April 5 influenced by bearish cash situation was followed by a gradual upward trend but liquidation on the 11th and 12th wiped out most of the advance. Principal market factors were cold weather over wheat belt, higher exchange rates and strength in foreign markets. Export demand slow. Closing prices in Chicago cash market No. 2 red winter wheat \$1.32; No. 2 hard winter wheat \$1.32; No. 2 mixed corn 58c; No. 2 yellow corn 58c; No. 3 white oats 37c. Average farm

prices No. 2 mixed corn in central Iowa about 45c; No. 1 dark northern wheat in central North Dakota \$1.34 1-2; No. 2 hard winter wheat in central Kansas \$1.20. For the week Minneapolis May wheat up 2 1-4c at \$1.41 1-2; Kansas City May wheat up 1 3-4c at \$1.18; Winnipeg May wheat up 1 1-4c at \$1.32 3-4.

Livestock and Meats

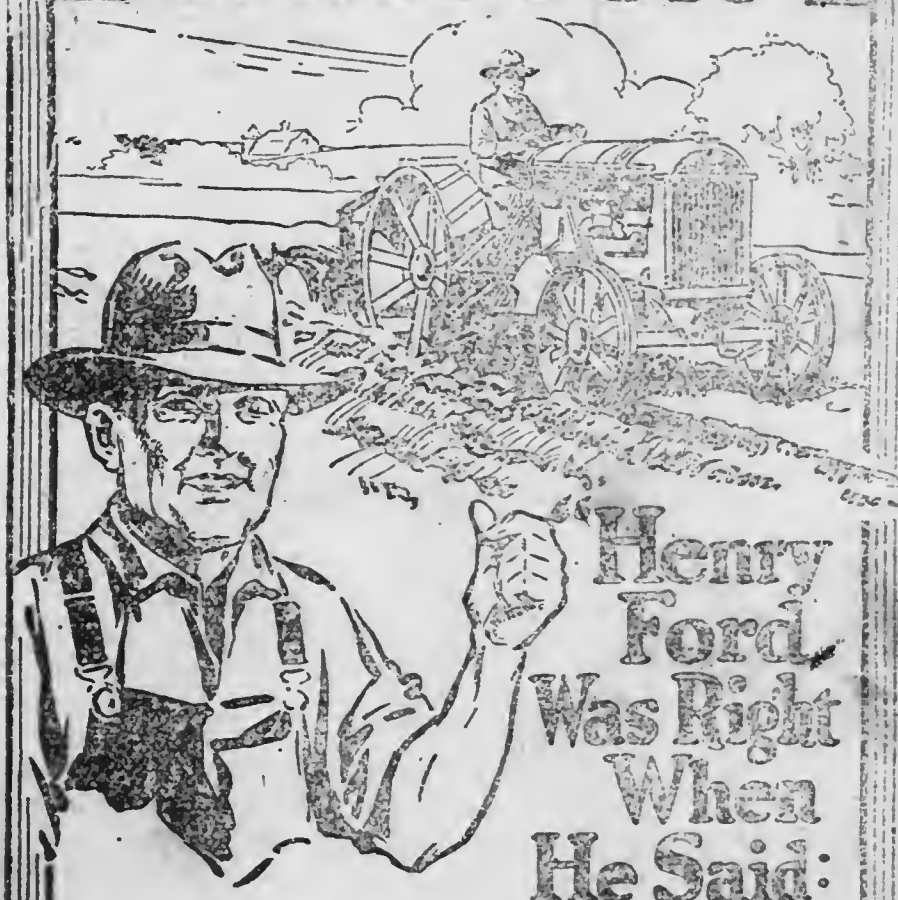

Chicago hog prices ranged firm to 15c higher, medium and heavy hogs advancing most. Beef steers and heifers averaged almost steady; butcher soys weak to 35c lower. Feeder steers unchanged, real calves show net decline of 75c-\$1 per 100 pounds. Fat lambs broke badly, net declines ranging from \$2-\$2.25; yearlings down \$1.25-\$1.50; fat ewes 50c-\$1.25. April 12 Chicago prices: Hogs top \$10.85; bulk of sales \$10.30-\$10.75; medium and good beef steers \$7.30-\$8.75; butcher cows and heifers \$4.35-\$8.25; feeder steers \$5.40-\$7.35; light and medium weight veal calves \$5.50-\$8; fat lambs \$11.25-\$14.50; yearlings \$10.50-\$13.50.

fat ewes \$6.75-\$9.50. Stocker and feeder shipments from 12 important markets during the week ending April 8 were: Cattle and calves 42,119; hogs 7,896; sheep 27,860.

MAN HAS MIRACULOUS ESCAPE

"I was told by our family physician that I could not live without an operation, as my liver and gall sack were in such a condition. I set the day to go to the hospital, but then I saw the advertisement of Mayr's Wonderful Remedy. Since taking it I am feeling like a two-year-old. I am sure I never could have survived an operation." It is a simple, harmless preparation which removes the catarrhal mucus from the intestinal tract and allays the inflammation that causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince. Call for money refunded. H. L. Perry & Son and druggists everywhere.

Fordson TRACTOR

"The Tractor will enable the farmer to work fewer hours in the day, giving him more time to enjoy life. I believe the tractor will make farming what it ought to be—the most pleasant, the most healthful, the most profitable business on earth."

This tractor has done much—very much—in bringing true Mr. Ford's prophecy; for in it is a machine which has harnessed one of the most dependable, efficient, adaptable, economical sources of power in the world—a machine that saves from thirty to fifty per cent of the farmer's time—a machine which many farmers claim plows, harrows or drills as much ground in the same time as four, six or even eight horses. And more—a machine that takes care of every power job on the farm.

Call and let's talk it over, or telephone or drop us a card and we will bring the facts to you.
